Property Description

Fully furnished and 'Key Ready' duplex apartments in the heart of Lisbon city centre.

Over two floors, this property covers approximately 110m² of floor space. This duplex apartment has been divided into two separate and self-contained units in order to maximise rental incomes. Each apartment is accessed by its own private entrance.

Located just 2 minutes walk from Lisbon's Rossio Square and just 70 metres from the equally impressive 'Praça da Figueira' these apartments occupy **the most central location of the capital city.**

The incredible use of stone, the show-casing of the original wooden beam pillars and brick work provide a glimpse into Historical Lisbon as it once was. The renovation of this apartment paid attention to detail, modern design and history.

The bottom apartment is features

Currently both apartments are being explored on the Mid-Term rental market. Having 2 separate rental apartments 'one above the other' offer obvious advantages in terms of management and logistics. Furthermore, the bottom apartment would make a comfortable city centre home with an added rental unit upstairs.

Rossio Metro station serves the Green Line metro which is the busiest public transport link in the city. The Green Line connects with all other metro lines.

Rossio Train station provides a direct line to Sintra which is a UNESCO world heritage site and attracts millions of tourists a year.
