Property Description

Amendoeira Golf Resort is situated in the Algarve and sits on 270 hectares of nature, several swimming pools, two award-winning 18 hole golf courses and one 9 hole golf course, the only illuminated golf course in the country. There is also a Golf Academy with a driving range and putting green, two football fields, made to FIFA standards, six Savannah tennis courts, a fully equipped Technogym gymnasium, a jogging path, and a children's playground.

In the Clubhouse, you can find a restaurant to enjoy a special meal or snacks and drinks, a pro shop to get your golf equipment and a grocery store corner to buy your essentials.

Mixing all of the above with the surrounding nature, the various pools for each apartment set, the private pools for the villas and the 10-minute distance to the beach, Amendoeira Golf Resort offers you all you can need to have a delightful time.

If you love golf, you are in for a treat! In Amendoeira Golf Resort you will find two award winning 18 hole golf courses, designed by world renowned players, and one 9 holes course, which is the only illuminated golf course in Portugal, allowing you to play at night. In the Golf Academy our team will help you improve your game, with the help of unique high tech machines like 'Trackman', and by practicing on the driving range or booking a lesson with our certified professor.

The Amendoeira Sports Club offers a full range of sporting facilities, all finished to the highest specification to meet professional standards and set in the private and secure environment of the beautiful Amendoeira Golf Resort.

The Amendoeira Clubhouse stands proudly above the two championship golf courses, which have been sensitively integrated into this beautiful landscape. The Clubhouse features spacious changing rooms with lounge areas and a pro shop stocking a range of golfing and convenience items.

All apartments and villas are completely furnished and equipped with entertainment systems that include smart TVs, kitchens with integrated appliances and comfortable spacious living rooms and bedrooms. For your pleasure, we also offer air conditioning and underfloor heating in all properties in addition to high-speed internet delivered through fiber-optic. All apartments and villas are served by swimming pools.
