Property Description

This old warehouse, in excellent condition, is located in the old area of Peniche, very central and pleasant, very close to all commerce, restaurants and services, surrounded by new buildings and other restored which allows the use of this space for multiple purposes in addition to storage. The warehouse consists of a main room and two smaller but equally large rooms, all with a fairly high ceiling. There is also an office and a bathroom next to the entrance. The ceiling, beautiful, is made of wooden bars and tiles, with some glass tiles which provides a lot of light inside. It has a new, large gate with door. It also has some other details that give the interior of the building a lot of character. A fantastic building in an increasingly sought after location. *Filling not included in the price. Energy Rating: Exempt #ref:BL869
