Property Description

Bairro Alto is a vibrant area where tradition meets contemporary life in perfect balance. It boasts excellent public transport, some of the city's best shops, bars, and restaurants, a one-of-a-kind open-air street art gallery, eclectic theaters and museums, and close proximity to the Tagus River. Just steps away are Lisbon's most luxurious and lively neighborhoods.

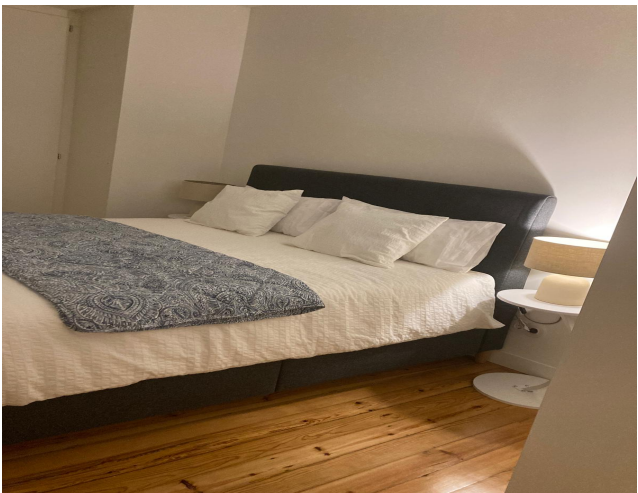

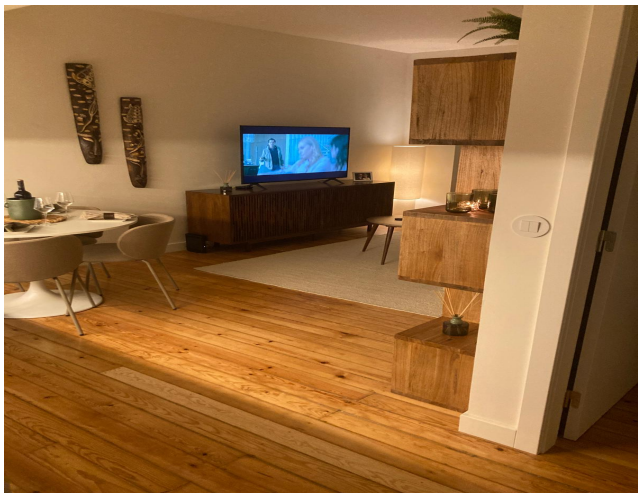

The seeds of what Bairro Alto is today were planted in the years following the April 1974 revolution, when Lisboa began to rediscover the area's charm. Nightclubs emerged alongside traditional neighborhood taverns and grocery stores, creating a lively mix of old and new. In time, fashion designers opened boutiques, new-wave restaurants made their mark, and an entire creative ecosystem developed shaping Bairro Alto into a hub of innovation and irreverence. Today, it draws people from around the world and stands as one of Lisbon's most iconic and dynamic neighborhoods.

Available now: a finished, freehold apartment in the heart of Lisbon featuring 2 bedrooms and 2 bathroom offering the perfect opportunity to experience this unique lifestyle. Rich in character, Bairro Alto reflects the spirit of Lisbon creative, diverse, and full of life.
