Property Description

Approved project for a 3 bedroom villa V3 with pool, currently this property is a commercial space on the ground floor and T1 on the first floor.

Faz Fato is a hamlet, located near Monte Novo and Nora. North of Tavira, the price for a medium-high quality construction should be around one thousand and fifty euros per square metre. This area is distinguished by its tranquillity and privacy. This is the ideal option for someone looking for an isolated property and the calm of the countryside, located 20 minutes from the centre of Tavira.

Approved project to build a villa V3 with a pool, on an isolated large outdoor space.
